July, August 2020

WE HAVE A TARGET DATE FOR ISRAEL!!!! MARCH 2021!!!

We were corresponding with Christine the Volunteer Coordinator with the Nazareth Village and the Nazareth Hospital. Christine stated the hospital and village have been without volunteers since March 2020, but prayerfully going to reopen for volunteers in March 2021. She asked if we would consider trying to be there at that time. Please keep this as a matter of prayer.

While the Covid situation has been difficult on churches it has also been difficult on missionaries. We were not able to do any deputation from mid March until the last Sunday of May. Then in mid July, Holly and I both tested positive for Covid and Holly spent twelve days in critical care at the Lakeland Regional Medical Center in Lakeland, FL.

We would like to thank everyone for your prayers and Calvary Missionary Baptist Church in Three Rivers MI for the special offering they sent. We are improving and hope to be able to begin deputation again the first of September.

We were able to visit some churches in Alabama and Florida in July as well as attend the Florida State Association.

Kyle working on former Missionary Wally Mann's truck for him.
