Newsletter July-Nov 2019

Dear Brothers and Sisters in Christ,
It is a great blessing to work for the Lord with the people here in Haiti. We count it a blessing to preach and teach the gospel that transforms their lives, giving them values, morals, and dignity to be useful in their homes and their communities. From the moment we arrived in Haiti, we were busy working on several plans that would help strengthen the church, and its members in the many aspects of their lives. We primarily focused on doctrine, church stability, soulwinning strategies, the youth and the Ladies. We've come from a long way. So far, we are doing great! We continuously received a lot of questions. It is amazing to see the transformations within the lives of the people

During the past 4 to 6 months God has given us an increase in both Saut-Champlois and La Roque. In Saut-Champlois, we are averaging close to 70 in our main services and have first time visitors almost every Sunday. We had 9 join the church, 47 saved (36 kids, and 5 teens through VBS, 6 adults) and 2 baptized. In La Roque, we are averaging close to 100 in our main services. We were blessed to see the very first lady to accepted Christ during our ministry here get baptized by us last month. We are very happy to see more people like this nice lady, coming to know Christ as their personal savior. We were also blessed to have the opportunity to minister to a few families on a weekly basis due to our door to door knocking ministry.

All those pictured are kids who attend and accepted Christ as their personal Savior. we thank God all these kids were able to attend VBS. But we grateful that all it took was a few snacks and drinks to convince these kids to come. They were all happy! We had to extend it for one more week.

We were blessed to see the very first lady to accepted Christ during our ministry here get baptized by us last month. We are very happy to see more people like this nice lady, coming to know Christ as their personal savior. We were also blessed to have the opportunity to minister to a few families on a weekly basis due to our door to door knocking ministry

Roselande Health

We had to come back to the states prematurely due to Roselande's health and the current condition of Haiti right now. She was supposed to follow up with her doctors 3 months after she arrived in Haiti, but God allowed her to stay for 6 months. So far, she has been seen by most of her physicians. They are running tests and lab work as a check up on her health. She said herself that she felt a little better while she was in Haiti.

Haiti Breaking News

Please pray for Haiti conditions. The Haitian people want the current president to resign from his position because they feel as if he is not making any strides towards improving the state of the nation regarding the issue of corruption. A curfew has been placed due to the violence taking place in the streets. Sadly, the local police are lacking resources to respond effectively to serious criminal incidents, and the emergency responders are rare to see. The travel advisory is advising travelers to reconsider travel to Haiti due to the current crime, civil unrest, and kidnappings taking place. Due to the current condition of Haiti and lack of monthly support for basic living and ministry expenses we are not sure when exactly we will return. We will keep you updated on the situation. In the meantime, if you have any questions or would like us to come by and visit you while we are in the states please send us an email.

Monthly Financial Supporters

Westwood MBC in Winter Haven, FL	\$200.00

Prayer request and urgent needs

A lot of you have asked us about some of our current needs and projects that you can immediately lift in your prayers for us. Well we have many! We thank you so much for your concern. We thank the Lord for what has been provided but our basic (very basic) monthly expenses exceed our current monthly support and the difference is \$1,923 a month. We want to be able to ship Creole (native language of Haiti) Bibles for people to have and other supplies (when the ports are open), we want to complete our church because right now we are meeting in a makeshift tent, we want to be able to reach more people for the gospel. we are also interested in completing our home. It has a roof and walls, but it needs the finishing work like the windows, doors, flooring, toilet, sinks, etc. When we were gone for the last 6-7 months we were staying with family. So please be in much prayers for us and these needs that we have.

Thank you

As always, we thank you so much for taking your time to read our newsletter and post it in your church. We appreciate every one of you that played a special part in our life and our ministry here in Haiti. mail. They all mean so much to us.

To donate you can write a check to Westwood MBC or you can go online www.westwoodmbc.org/missionaries scroll down select Jean Isma-Haiti and the amount you wish to give.

Target Goal: \$3800-\$4500.00
