2021

One of the greatest blessings of having the new church building is that we have an additional room for children's church. It's something that we have wanted for a long time.

We were so happy to be able to have church services in February. We removed the middle rows of chairs. Everyone wore masks and used hand sanitizer. We celebrated the Lord's Supper the second meeting. Unfortunately, our region is now under lockdown for the next two weeks of March. Group gatherings are not allowed.

THANK YOU!

Unfortunately, there was a walnut tree that was too close to the building. The roots were starting to crack the foundation and interfere with the second phase of the remodeling project. The tree was removed, and the wood was given a new purpose. We used our village sawmill in Bolyarka to process and dry the wood. Our friend, Sergey built a new podium, and Damien made a cross.

We are making plans for Doug and his team from Westwood to come in May to begin work on the second floor of the church..... if Covid allows. Thank you for your support of this project.
