Ministry Update

VOLUNTEER!

Have you ever wanted to volunteer your time and serve in a time of need? Disaster relief would like to invite you to come and minister with us. If you are unable to provide physical labor there are many other opportunities! We need people to share the gospel, provide support for laborers, cook, clean and many other things! Please contact me for more information. ~ Paul

Greetings from Disaster Relief!

Cooler weather has arrived but more importantly an end to hurricane season. We are finally beginning to see the end of many summer projects. We have built a small storage building for the skid steer, it lacks only the garage door. The construction trailer just has to be lettered. I have been able to preach and share ministry many times and we have been well received, the Lord's church's have been good to us! October 21st we deployed to Vidor TX. There we were able to work with other groups on muckouts and house repairs as Shiloh MBC allowed us to work with them in the community. We also worked with Wings of Promise. It is amazing what God is doing there! These folks have had two major floods in two years. I got to spend a week working in Pastor Skippers house. After Texas I raced home to get the family and we left for the Arkansas state meeting. We saw many friends. The preaching was great as was the fellowship. We were joined by Bill Horn our Arkansas Director.

We are praising God for the churches that pray and support this ministry. A man in Shady Grove BC donated a 16,000 truck to the church. This will greatly increase how they can serve. First Baptist of Green Valley in Maryland has built a garage for there disaster relief trailer and supplies. God has been so good to us. Thank you for your prayer and support.
